
role – **student leader**

Description

A student leader is a teen who desires to be an Awana leader. The student leader must have a strong personal relationship with Christ and actively participate in church. Many student leaders have Awana experience and are continuing in Journey.

Responsibilities

Responsibilities (The church defines the principle role of a student leader. In some churches, a student leader assists an adult leader. In other churches, a student leader is permitted to take part in all aspects of leadership.)

- Goes through Awana Basics Training.
- Is an example to the children in attitude and action.
- Encourages the children.
- Attends leaders' meeting and ministry gatherings.
- Must complete Child Protection Training.
- Follows through on responsibilities given to them by the director or adult leader they're assisting.

Student leadership is a great opportunity for teens to learn what it means to serve in a church ministry. Children look up to teens and many teens have their first opportunity to lead a child to the Lord while serving.
